GENERAL HEALTH GOOD.

Low Percentage of Deaths in New York Sustained.

NEW YORK, Dec. 14.-Statistics prepared by the Health department show that the general health of this city during the last cleven months has been remarkably good and that the low percentage of deaths during the last few

ears has been sustained. The actual figures of last year, 18.18 The actual figures of last year, is is deaths per thousand population, will be somewhat exceeded, however, owing to loss of life in the Slocum disaster, the extraordinary prevalence of measles during the spring and the increase in the number of acute respiratory disastes, of which pneumonia is the most serious. The total number of deaths list year was 62,034. During the eleven months of their year to December 1,969. months of their year to December 1, 9690 more deaths were recorded. It is pointed out that 25 per cent of

the death rate is among infants, and that New York's rate is kept higher than it otherwise would be in consequence of the large number of mortally ill patients coming here to be treated in the hospitals and by specialists.

NEVER KISSED A WOMAN.

Unique Character in Tennessee Dies at Age of 70.

MARTIN, Tenn., Dec. 16-In the death of Eli Richardson Weakley county loses a good estizen, but a unique character. "Uncle Eli," as he was called was more than 70 years old but did not look over 60. He said that he had never kissed a woman in his life. He was a very timid and bashful boy, and at a party before the Civil war a game was often played in which the young woman had to forfelt a kiss to her captor. Young Richardson's timidity being known, a plan was formed to get him to kiss a young woman. She being posted, placed a pin in her mouth and when Ell's bashful lips were to press hers she was to prick his lips with the pin. The fateful moment came. Eli demurred, but was prevailed upon to take the kiss from the seemingly backward maiden. His courage gained strength and he started to implant the kiss, but his eye caught the gleam of the pin and he refused, and from that day until his death he never attempted to or did kiss

LARGEST SHIP ON PACIFIC.

Great Northern's Big Freighter Arrives at San Francisco.

SAN FRANCISCO, Dec. 14.-The steamship Minnesota, the largest vessel ever in the Pacific ocean, arrived here today from Norfolk, Va., on the way to Scattle, where she is to enter the service of the Great Northern Railway company

of more than 20,000 tons. Though built expressly for freighting purposes, she has passenger accommodations for 218 first cabin, eight second cabin and 2400 in the steerage. She is 630 feet long, 73½ feet beam and 90 feet from her keel to the upper bridge. She will probably sail from Seattle for the Orient in Jan-

Statues Presented to States.

ST. LOUIS, Mo., Dec. 14.-President D. R. Francis of the World's Fair has written to the Governor of each State and Territory embraced in the Louisi-ana purchase, informing him that the exposition company has decided to present to each of those States and Terri-tories the statue symbolical of it and occupying a niche in the colonnade of back of Festival hall on the fair grounds.

Officer to Be Court-Martialed.

MANILA, Dec. 14 -- Maj. Edward E. Hardin, of the Seventh infantry, is about to be court-martialed on charges of neglect in not having a sufficient guard at Malate prison, from which thirty-three native prisoners escaped recently, after killing three soldiers on guard.

NOTICE TO WATER-USERS.

State Engineer's Office, Salt Lake City. State Engineer's Office, Salt Lake City, Utah, Nov. 17, 1904.
Notice is hereby given that C. H. Globs, whose postoffice address is 23 Third East street, Salt Lake City, Utan, has made application in accordance with the requirements of chapter 160 of the Session Laws of Utah, 1903, to appropriate one-half (16) second-foot of the water flowing from Bay City mine tunnel, which naturally flows into Little Cottonwood creek, in Salt Lake county, Utah, Sald water is to be diverted by means of a flume and pipe, at a point which hears approximate, south 57 degrees east, and is distant in Salt Lake county, Utah, Sald water is to be diverted by means of a flume and pipe at a point which hears approximately south 57 degrees east, and is distant about sixteen Sundred (1500) feet from the southwest corner of the southeast quarter of section 22, township 2 south, range 3 cast. Salt Lake base and meridian, from where the water will be conveyed through said flume and pipe for a distance of about four thousand (1000) feet, and there used from January 1 to December II, inclusive, of each year for milling lead, sliver and copper ores at the Superior Alia mine, situated in Little Cottonwood mining district, and to provide water for steam holiers, for fire protection for the manifestication of said mine. About five-hundredths (6-100) of a second-foot of the water will be consumed, and the remainder of it will be conducted to a settling pond, where it will be clarified and then returned to the natural channel of Little Cottonwood creek, at a point about four thousand five horsest against the granting of said. All protests against the granting of said

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate, and filed in this office within thirty (20) days after the completion of the publication of this notice.

A. F. DOREMUS.
